BENES MAY QUIT AS PRESIDENT OF CZECH REPUBLIC

Reports Say Leader
Considering Move;
Red Would Take Over

PRAGUE, Czechoslovakia, Feb. 26 (AP) — Information from a source of proved reliability said tonight President Edward Benes was considering resigning from the helm of this Communist-ruled republic which he helped found in 1918.

The information, although from a reliable source who is anti-Communist, was not confirmed.

The source said if Benes resigned he would be succeeded as chief of state by Zdenek Fierlinger, pro-Communist leader of the Social-Democratic party.

The president was expected to make his definite decision known at 11 a. m. tomorrow when he is to receive the new Communist-ruled cabinet which he approved yesterday after what was reported to have been a stormy session with Klement Gottwald.

WORKERS AT Prague headquarters of the National Socialist party said Dr. Vladimir Krajina, former general secretary of the party, was arrested today. Krajina, a known leader of Czechoslovakia's greatest underground heroes during war.

The workers said Krajina returned to headquarters to get some papers and was taken from the building by police.

The government radio said tonight that 30 "reactionary professors" had been fired from 600-year-old Charles university in Prague. It added that a committee soon would interview Dr. Karel Inglis, named university chancellor two months ago.

The radio said also that the Rev. Msgr. Jan Shamke, war-time premier of the provisional Czech government in London, had asked

Auctioneer's Hammer Sounds Death Knell for Strike-Closed Plant

While H. J. Master (center foreground), of Philadelphia, scans a crowd of 300 persons for bids, Addison Freeman Jr., Philadelphia auctioneer, standing behind him starts the auction which marked the end of the Pottstown Pipe Products company. At the right, Victor J.

de Journo, Emmaus, general manager of the plant, seated on a pile of pipe, listens to the bids. The auction of 228,000 feet of new pipe started the actual liquidation of the plant which closed after a two-months strike. Twenty-eight persons lost their jobs as a result.

ALLIES ATTACK CZECH CHANGE

U. S., Britain and France
Denounce Government
Of Reds as 'Dictatorship'

WASHINGTON, Feb. 26 (AP) — Czechoslovakia's new Communist-controlled government was jointly and bitterly denounced today by the United States, France and Great Britain. They called it a "disguised dictatorship."

Their condemnation was issued in the form of an extraordinary public declaration. It presented the three western powers as forming a solid front against what the Communists have done to the Czechs.

Meanwhile it was learned here that Americans are highly uncertain over exactly what has happened at Prague in the past two days. They are particularly in the dark as to the alleged role of President Edward Benes. He has been a long time friend of western democracy as well as an advocate of friendly relations with Russia.

Some significance was attached by diplomatic officials here to the fact that Benes was supposed to have made a broadcast to the world yesterday afternoon. The talk was canceled about the same time that Communist Premier Clement Gottwald announced that Benes had approved the formation of a cabinet excluding all elements of opposition to absolute Communist domination.

IF BENES actually did what Gottwald reported it would support the Communist argument that their seizure of power has been entirely legal. But if it should appear that Benes had been forced to accept the new regime or that Gottwald had distorted his position, the Communist case would be greatly weakened.

Officials are convinced the whole affair was Moscow directed. Proving it is another matter.

One result appeared certain to flow from today's announcements. Czechoslovakia may lose for the immediate future at least, all hope of obtaining its requested \$350,000,000 loan from the U. S. Export-Import bank. The Czechs have been after this money for reconstruction for many months.

There is considerable precedent for denying American economic assistance to eastern European governments, once the basis has been laid for disapproval of the nature of acts of those governments.

Board Checks Bids For Sewer Project

When bids for a sewer line leading to West Pottsgrove High school were opened at last night's meeting of the township school board a wide range of per-foot charges was discovered.

The board voted to postpone acceptance of a bid until it had a chance to check and see if all bidders met specifications. Action will be taken on the bids at a special board meeting March 4.

The bidders for the project, approximately 550 feet of sewer line leading from Grestown road to the school, were:

Nicola Dinocenti, of Reversford, \$2.40 per square foot plus \$200 for each manhole needed.

Hafer and Mutter, 506 State street, \$3.66 per square foot.

Berlanti Construction company, Harrison, N. Y., \$5.50 a square foot plus \$200 a manhole.

The rest of the meeting, attended by all board members and James T. Jones, principal, was devoted to routine business.

John B. Smith, board president, was in charge.

Employee's Arm Badly Frozen In Electric Unit

Erwin O. Leonhardt, 552 Washington street, Reversford, was removed to Pottstown hospital with his right hand and wrist badly frozen yesterday morning after it became caught in an electric freezing unit at Nelson ice cream plant, 652 Main street, Reversford, where he is employed.

Whether he suffered a permanent injury could not be learned last night.

The accident happened shortly after 6 a. m. when Leonhardt placed his right hand through the freezing unit with a cloth to remove any ice particles preparatory to turning on the flow of ice cream mixture.

WHEN HE ATTEMPTED to remove his hand, the member became caught and remained in the sub-zero temperature for 20 minutes.

Pipe of Defunct Plant Auctioned for \$67,000

By FRANK J. DOSTAL
(Mercury Staff Writer)

The chanting voice of the auctioneer wrote finis to the Pottstown Pipe Products company, 412 Laurel street, yesterday as approximately 228,000 feet of new pipe was sold to the highest bidders for an estimated \$67,000.

Conducted by Samuel T. Freeman and company, Philadelphia auctioneers, the auction marked the beginning of the liquidation of the plant. It had shuttered its doors after negotiations in a two-months-old strike broke down.

The auctioneers also were authorized to receive inquiries regarding the sale of the plant as an operating unit, exclusive of the pipe sold yesterday. Several offers already have been received for the property, it was reported.

An estimated crowd of 300

buyers and on-lookers gathered in the chilly pipe shed of the company early in the morning to inspect the stock. Actual bidding began at 10:30 o'clock when Addison Freeman Jr., the auctioneer, mounted a pile of pipe and called for bids on the first lots.

BECAUSE OF THE scarcity of pipe, bids came fast. In some cases almost two and a half times the

Spicer Camp to Become Mecca For Hundreds of Local Children

(Pictures on Page 20)

The dream of every youngster to hike a wilderness trail, to sleep out under the stars, and to swim in a cool forest stream will become a reality for several hundred Pottstown children this Summer.

As a community project designed to benefit every child from eight to 16 years of age in the Pottstown trading area, the Spicer Camp, Ltd. association has purchased a \$25,000 Summer camp at Earlville in Berks county. It will be operated on a non-profit basis at a weekly cost of \$14 per child. The six-week season opens July 3.

Formerly the Reading YMCA camp, the 35-acre tract is situated in the historic Oley valley. The Manantway creek flows through it to provide swimming and boating facilities.

IT HAS 22 PERMANENT tent cabins, each with accommodations for seven children and a leader, a modern dining hall and kitchen, a recreation hall, and an infirmary for treating any illness.

In addition, there is a large craft shop and fully developed athletic facilities.

Groups of Spicer employees, all members of the association, already have volunteered to donate their services to do repair work, repaint the buildings, install kitchen equipment and bunks and to repair the road leading into the camp. Other groups will put the athletic fields in order and will completely rebuild the waterfront and swimming facilities. The money for the repairs will come from the association's funds.

The camp will be open to all children. For many, it will be their first chance to play on a tennis court, volleyball court, or a real baseball diamond. For others, it will be an opportunity to use an archery range, a rifle range, or to jog around a quarter-mile track.

ALTHOUGH THE CAMP has facilities for 150 to 140 children, registration will be limited this Summer to 80 or 90 boys and girls. They will be able to go to camp for periods of one to six weeks at a cost of \$14 per week. This includes food, the cost of paying personnel and health and accident insurance.

Members of Pottstown Nest 150, Fraternal Order of Orioles, will meet in the Pottstown Senior High school auditorium at 2 o'clock Sunday afternoon to decide whether to buy the Merchants hotel for a new club site.

According to George M. Gross, Orioles president, the decision to be made Sunday will be final.

Previously, the Orioles had considered modernizing their present location at 125 High street, but this plan was dropped.

McGRATH SAID he could not see "a strong and healthy South selling itself" to the party which once "ravaged it" during a period of "repression, corruption and abuses" after 1865.

These developments came as Dixie Democrats, up in arms against President Truman's civil rights program, blocked at least until next week one of the President's proposals — a bill to make lynching a Federal offense.

The anti-Truman drive was launched off in Virginia, where Governor Tuck asked the Legislature for a law which would keep the names of presidential candidates off the ballot next November.

Thus the State's 11 electoral votes could be cast for Mr. Truman, if he is the Democratic candidate for President, or for someone else who is the Virginia's Democratic leader decided.

McGrath declined comment on Tuck's proposal.

WALLACE BOOM STARTED HERE AT LABOR RALLY

Local Committee Set Up
After Third Party Program
Is Outlined by Speaker

By ED ROSENBERG
(Mercury Staff Writer)

A Pottstown Wallace-for-President boom started officially last night.

It began with a passionate speech by Gerald Schafflander, executive secretary of the Pennsylvania Progressives for Wallace committee, urging support of the third party candidate.

It ended with a statement of policy and the election of a local temporary committee to organize the movement here.

"Any Democratic or Republican candidate who supports the United Nation for peace, who opposes the Taft-Hartley Act and universal military training, any major party candidate for Congress who supports the Wallace program, will have our support," Schafflander declared flatly.

The alternative will be the placing in the field of third party candidates.

THE YOUNG, DYNAMIC speaker disclosed that in ten Pennsylvania Congressional districts already the Third Party has agreed to support the Democratic candidate.

The meeting ended with the 30 persons in CIO hall, King street, electing a temporary committee for the 16th Congressional district, Montgomery county, with three functions: To send delegates to the York convention on March 7; to "initiate and conclude discussions on whether to support existing candidates or to put up new ones," and to circulate petitions between March 8 and April 7, the date by which candidates for the November election must have their petitions filed to appear on the ballot.

The following men were elected to the temporary committee:

Chairman — Robert B. Conner, chairman of the bargaining committee of Local 644 United Automobile Workers (CIO).

Vice chairman — Max Berg, Beth Ayres export company official and Harper R. Diener, president of Local 644.

Secretary — Robert E. Garber, treasurer of Local 335, United Rubber Workers (CIO).

Treasurer — Walter Boalton, steward and executive board member of Local 644.

SCHAFLANDER SPOKE with intense devotion to the third party movement as he declared that the Republicans and Democrats were "two hearts that beat as one," leading the country to depression and war.

He began his speech by reading his letter of resignation to Jacob Potofsky, president of the Amalgamated Clothing Workers of America (AFL).

Schafflander had been educational director of the Pennsylvania joint board of the union for two and one-half years prior to his resignation the past month, caused by Potofsky's

Thomas Is Appointed To New Position of Borough Accountant

A borough auditor, whose bookkeeping system has saved the borough thousands of dollars, yesterday was appointed by Borough Manager Dow I. Sears to fill the newly-created \$4000 per year post of borough accountant.

RALPH H. THOMAS

He is Ralph H. Thomas, 361 North Charlotte street, who since October, 1934, has been Commonwealth director of State audits in the State Auditor-General's office. He has served as a borough auditor since his election in 1945.

In his post as director of State audits, Thomas has had 20 men working under his supervision. He has been responsible for the audits of State-owned mental and penal institutions, State-owned medical and surgical hospitals, and all State Teachers colleges.

Simplified bookkeeping methods which he instituted have cut as much as a year's time from the audits of the books of the various institutions.

THOMAS WILL resign from his State position as of March 1 to take up his duties as borough accountant. He will have charge of the water department accounts, taxes on land and personal property, and will develop new forms for the collection of these taxes.

As borough accountant, he will no longer be able to discharge his duties as borough auditor.

According to Borough Solicitor Carroll L. Rutter, the post in all probability will remain vacant until the next regular election. This year's audit, Rutter said, is almost completed and it will not be necessary to hire a new appointee until the remaining months of Thomas' uncompleted term. It would be necessary to hire a new appointee.

ROTARIANS HEAR 'COLD WAR' TALK

Newspaperman Tells
Of Last Hope Resting
With United Nations

Summarizing on battle conditions in the "cold war" between capitalism and Communism as he went, E. C. Ramsey, world traveler and freelance newspaperman, last night talked 65 Rotarians around the world country by country.

The last hope, he emphasized, is the United Nations but that must be changed from the "debating society" it is now into an effective body.

Squaring off at Russia, he asserted that "you can't play footie-footie with the Russians. Let them get a foot in the door and you're licked," he added, mentioning Hungary and Czechoslovakia as fair examples.

The short sharp-eyed correspondent, once a Philadelphia reporter, has traveled in almost every country of Europe and has talked to Churchill, DeGaulle, Mussolini and others besides hearing Stalin on occasions.

"THE RUSSIAN people do not want war now," the crisp, balding reporter declared. "The government couldn't force the people into war now so instead they have imposed the Iron Curtain around the country and are building a reservoir of hate against the United States."

Thus, when the government wants war, he went on, they will be able to get the people behind them.

Trucker Pleads to Stay in Jail, Pins Hopes on Partner's Return

The case of Robert C. Stamm, 31, Philadelphia, who took the \$8000 trailer truck of John F. Leveille, 399 North York street, for a Florida trip was made more troublesome yesterday by a partner who hates to let the law know where he is.

But Stamm's case was improved by the fact that a preliminary hearing brought him the "privilege" of remaining in jail at his own request, with the hope that all charges may be dropped.

The tall, worried trucker explained his troubles for two hours yesterday to Justice of the Peace Raymond C. Kelley, of the Second Ward; the Leveilles and C. Edmund Wells, their attorney.

At the end of his story Stamm requested the hearing be continued until his partner Robert Gaeller, Philadelphia, returned from Chicago

to Pottstown with the truck that has been missing since Feb. 5.

TO PROVE HIS SINCERITY, he asked that he be kept in borough hall until the truck returned. Kelley and Wells agreed to the request.

For their part, the Leveilles and Wells agreed to drop all charges against him — if Gaeller brought the truck back within a few days, in good condition, and if Stamm would give Leveille the money he and his partner had received for hauling freight, over the Eastern half of the U. S. The past three weeks.

The big question was: Where is the missing partner?

A man who refused to give his name or address called the Leveilles collect from Chicago late Wednesday night, then hung up when he found he had to speak to a lawyer or nobody.

YESTERDAY WELLS called the Chicago hotel where Stamm said Gaeller should have been registered. Gaeller had gone, leaving no forwarding address.

Wells called a Chicago hauling concern to which Stamm said he had returned Gaeller. The haulers said they never heard of Gaeller.

But Stamm, who recently let Gaeller, his wife and children move in with his family because

Navy Announces Aircraft Carrier To Visit Persian Gulf

WASHINGTON, Feb. 26 —The Navy confirmed today that the 27,000-ton carrier Valley Forge will visit the Persian Gulf on a trip from the Pacific to the United States.

An Associated Press dispatch from Saudi Arabia reported two days ago that the Valley Forge and two destroyers were expected to make a courtesy call late next month in that troubled area. The section has been one of growing tension over the Arab-Jewish issue, with an effect on American oil operations.

The Valley Forge will be accompanied by two destroyers, the Navy said. It is scheduled to leave Tsingtao, China, March 1 and cruise around the world heading for San Diego, Calif.

The group of ships is expected to call at Singapore, Ceylon, the Persian Gulf, the Suez Canal, Gibraltar and Trinidad, and then pass through the Panama Canal to San Diego.

It is expected to reach San Diego in mid-May.

The Navy already has a giant carrier, the 45,000-ton Midway, in the Mediterranean, plus three cruisers and six destroyers.

THE VALLEY FORGE is one of the Navy's latest Essex-class carriers and normally carries 80 or more airplanes.

The Navy said the reason that it "encourages the cruises to foreign waters" is that they build morale

among its men who want to "join the Navy and see the world."

The Navy added that the cruises allow officers and men to get acquainted with the foreign waters, and give an opportunity "to create good will and better understanding."

For some time the Navy has followed an unspoken policy of "showing the flag" in various waters of the world.

Officially, the Navy declares that all its fleet movements in foreign waters are for training purposes and are not intended to create political pressure or have any political significance.

Gaiety and a light heart, in all virtue and decorum, are the best medicine for the young, or rather for all. Solitude and melancholy are poison; they are deadly to all, and above all to the young.—Tallfellow.

Housing Still the Issue

The private housing industry cannot in the foreseeable future provide decent housing for these (low-income) families. . . . We have a responsibility to ensure that decent housing is available to all our people.

—President Truman's message of Feb. 23.

POTTSTOWN can't look to private industry to furnish the homes it so sorely needs.

Yet if Pottstown recognizes the responsibility it owes to provide homes for its citizens.

WHY ISN'T SOMETHING DONE ABOUT IT?

Raised eyebrows may be caused by the announcement that Pottstown NEEDS 1500 HOUSING UNITS TODAY!

Their cost must be within the reach of the "lower middle" class.

Ex-G.I.s clamoring for homes can't pay the \$10,000 or \$12,000 being asked for newly built homes today. The laboring class wants housing units it may rent. Hundreds of families can't even think of buying a home.

Who wants the 1500 units? They are the local families who are doubled up with their in-laws. They are the workers in Pottstown industry who are living in chicken coops.

The majority that wants to live here, buy here, rent here ARE POTTSTOWN-EMPLOYED, but living in Reading and nearby communities. They love their Pottstown work, but are tired of commuting, 20 or more miles a day.

In one Pottstown industry alone 800 out-of-town workers are prospects for Pottstown homes. Others report "We have 100 who want homes here."

Good families; good, Christian citizens want to come here, become Pottstonians, but we have no room for them.

If private industry cannot furnish these homes, how may Pottstown get the needed housing?

Past experience has showed that Pottstown must look to other quarters for housing aid.

Has Pottstown asked the big insurance companies to erect housing units here?

That field probably has been unexplored, despite its great potentialities. Insurance companies have been authorized by the State Legislature to build in this Commonwealth. Insurance companies have the resources.

WHAT HAS POTTSTOWN TO OFFER THEM?

Have our civic leaders attempted to obtain low-rent units here?

Has Pottstown's borough council investigated the possibility of more public housing here?

Once scorned by many, once opposed by a strong lobby, Pottstown's public housing today is overcrowded. The community could use more to house the low wage earner.

Can Pottstown obtain some slum-clearance project? What has Congressman Samuel K. McConnell to say of this? Have our councilmen, our civic leaders asked him?

Pottstown citizens who need housing aid, the GI whose family is living in a wood shed, the underprivileged who's existing in a slum, may come to the support of a housing movement here.

How many sufferers from the housing shortage, how many taxpayers groaning under the cost of municipal service to the slums, have written to their Congressman?

A Sign of Progress

BROTHERHOOD Week, now current, is designed to promote better feeling between people of different religions.

Almost everybody recognizes that it is our religious duty to love one another, and that the fulfillment of that duty is the only way to a genuinely happy and rewarding life. That we often fall short and fail in one way or another is painfully evident. But our awareness today of our failures to achieve the ideal in relations between groups is a sure sign of the progress we have made and are continuing to make.

Today consciences are hurt by attitudes that were ingrained and unquestioned habits of mind not many years ago. We are making progress, and Brotherhood Week is helping to achieve it.

 Dear Sir 'n' Brother:

Wal, I see by the papers where women are advised by a health expert to ride bicycles in order to reduce. Twisting about to dodge all those motor cars on the high street roadway should work wonders with the hips.

A poet sighs that one of the loveliest sights is a rainbow. Especially to a farmer after a drought.

And say: There's news from Venice, Italy, about motorized gondolas. The gondolier's song, no doubt, now emanates from a record player.

Younger Men Needed For Civic Leadership

Letters must not be more than 320 words long, of current topics and must not involve personalities. Open Door to Opportunity

To the Editor: If Civic Minded ("Chance for Private Capital," Readers Say, Feb. 25) is wondering whether our business and civic leaders are dead on their feet, as he puts it, I'll answer with an emphatic "Yes!" But why?

Every time I read in The Mercury where one of our local social welfare or cultural organizations is getting ready for another year's work, I find the same persons elected to leadership. I'm getting downright tired of it, because I know that Pottstown has new men, younger men who could step in and give these organizations some of the vigorous leadership that is so sadly lacking.

I'm not condemning our older, experienced civic leaders. But they've seen their best days. They've lost the driving ambition, the inexhaustible aggressiveness that comes with youth. Their pride will suffer, perhaps, but the community will benefit if they come to this realization.

Pottstown has some promising young men. Obstacles which older men consider unsurmountable will be merely fodder for their unbounded energy and enthusiasm. They only need a chance and a chance they will take.

This is no time to rest on our laurels, no time to say to ourselves: "We've done all right in the past, so there is no reason to change." Let the flame of youth light the path to bigger things! And let us never admit that there aren't bigger things to be done than any we have faced in the past.

Our 'Fiddling Nero'

To the Editor: America is witnessing today a parallel to Roman history. "Fiddler Nero" So we have a "pianist" in Mr. Truman. But while Nero remained at home, Truman has a super-yen to go sailing, flying and hedge-hopping to other countries, telling them about the wonders of democracy and a "free government" while our country is left in status quo, in suspense and wonder.

The problems of real legislation, such as housing, rent controls, social benefits for the needy, tax reduction and rising costs of living, are left to shift in the winds of inflation and uncertainty.

It's about time for the voters of the country to take stock and look toward the selection of a man for the job who can get something done without so much vacillation.

Get a man who knows how to say "yes" or "no" and means it. A President with the guts like Teddy R. had — and used — is what we need. Promises and platitudes are poor substitutes for the needs of today. Let's get a "live wire" in Washington. Pottstown CLYDE BAUMAN

The Worry Clinic

By DR. GEORGE W. CRANE

JOSEPHINE B., 7, has a little sister, aged 4.

"Dr. Crane, what makes them perform like that? Their mother shook her head in embarrassment and desperation.

Mrs. Crane and I had been invited to Josephine's home for dinner that evening. The two youngsters immediately began to turn handspins and climb on the davenport.

They tried to stand on their heads and jump on the chairs. They were in a beautiful home, and had intelligent parents, so what made them act like barbarians?

People who haven't gone through this youthful grandstanding with children of their own, may grow very irritated at such antics and accuse the parents of not bringing up their youngsters properly.

And the guests may often think that nowadays mothers are sparing the rod and spoiling the child. This doesn't necessarily follow, however, for children immediately take advantage of their parents when guests arrive.

Because we have had five children of our own, who acted just like Josephine and her sister in a similar type of situation, Mrs. Crane and I were not disturbed. In fact, we felt quite at home.

Children are very quick to take advantage of their "public." Give them an audience, and they instantly parade their full repertoire of attention-attracting behavior.

In fact, you can watch them in a moment of full tilt trying to originate or invent something new. They vie with each other to win the laughter or exclamations from the audience.

This prima donna behavior continues in a greater or less degree all throughout life.

Every clergyman has dozens of these adult prima donnas among the men and women in his parish. They are just like the little boy who says "I'll take my foot-ball and go home if I can't be captain."

They want to be at the speaker's table. Or they grow irritated if someone else sets into their accustomed pace ahead of them.

They must constantly have their fur rubbed the wrong way, or they'll go home and stop contributing to the church.

In almost every college sorority and fraternity, among lodge members and business men's clubs, and especially in political parties, we also have these prima donnas.

I wish we could brand them or pin labels on them so young clergymen could get their number in advance and thus save themselves a great deal of internal friction and bickering.

This egotistical desire to be first, starts with our first birth cry and even continues after death, for we may erect large tombstones or mausoleums just to continue in the spotlight, as Absalom did in Biblical days.

Rebel Democrats Play Smart Political Chess

By RAY TUCKER

WASHINGTON, Feb. 26 — Southern rebels have shown a great degree of skepticism over President Truman's reelection prospects in their recent discussions with National Chairman J. Howard McGrath.

Howard McGrath, they pook-pooked his solemn warnings that a Dixie desertion might create domestic and world uncertainty at this grave moment in history by tossing the choice into the hands of the 435 members of the House.

In reply to his suggestions on this score, they invariably gave him a lesson in electoral college mathematics. They point out that, even if all ten southern states withheld their electoral vote from Mr. Truman, as the electors could do under the Constitution by voting for Senator Harry F. Byrd of Virginia or some other popular figure, the number of withheld electoral votes would be only 116.

CHOICE: This subtraction would leave 415 electoral ballots to be counted for Mr. Truman and his Republican opponent.

To prevent the GOP nominee from obtaining the necessary 266, and thus throwing the choice into the hands of the House, the President would have to pick up 150 electors outside the Solid South.

Under this hypothetical situation, which is the one the Southerners have posed to Mr. McGrath, the electoral score would be: Republican candidate, 265; President Truman, 150; Southern entry, 116. With such an alignment, it would be up to the House to choose the next President.

Assuming that only fifty or sixty Southern electoral votes were withheld, and the rest were cast for Mr. Truman, he would still have to win those other 150 in the North, Middle West and Far West to force a stalemate.

BUCK: With Henry A. Wallace running strong in such states as Massachusetts, New York, Illinois, Wisconsin, Michigan and California, Southern spokesmen have told Mr. McGrath flatly that they do not think Mr. Truman can roll up 150 electoral votes north of the Potomac and west of the Ohio River. In short, they do not believe that he can be re-elected, whether they revolt or not.

This conviction helps to explain their apparent willingness to buck the White House on the civil rights program. They might not be so bold if there were any guarantee of a Truman victory, suspecting that Federal enforcement of his anti-Jim Crow program might not be too drastic under a Democratic Administration.

They never tried to browbeat F.D.R., although he and Mrs. Roosevelt actually introduced anti-segregation practices into government offices and elsewhere.

But they figure that they can afford to teach a lesson to the party on this question without opening themselves to the charge that they were responsible for its defeat. They recall the experience of 1928. In that year the defection of three southern states had no political effect because of Al Smith's poor showing in other sections of the country.

DESERVE: "Anyway," Mr. McGrath usually includes in these weary arguments, "why let us elect a Republican when they favor the same civil rights program that President Truman does? It will be Republican votes on the Hill that will put these bills through."

"Yes," reply the Southern protesters, "but only with the help of Northern Democrats like yourself. We don't expect anything else from the Republicans, but we think we deserve better at the hands of the party we have supported year in and year out."

"Well," sighs Mr. McGrath, "President Truman can't back down or out now even if he wanted to. He would lose his own self-respect and the respect of the nation. And, after all, we have those colored votes in Northern and Middle West cities. Otherwise, Henry Wallace will get them and we are sunk."

"And another thing," added an especially bitter Dixie rebel. "Just when we are having these difficulties, why did the President have to pick this time to go to the Virgin Islands, and rub it in?"

COCKY: Margarine lobbyists on Capitol Hill have become so cocky over prospects of repeal Federal taxes on the colored variety of their product that they are fighting among themselves over the spoils. In fact, they are even offering a compromise to the hostile and powerful outer-and-egg men.

Two pro-margarine measures have been introduced since butter soared to \$1 a pound. Representative Edward A. Mitchell of Indiana would remove all duties, including the \$600 paid by a manufacturer of pre-yellowed oleo. The \$480 levied against wholesale and the \$48 imputed on retailers. But the soybean and cottonseed producers doubt whether such an extreme proposal can get through.

PRICE: So, in a gesture toward their butter brethren, they are backing the bill sponsored by Representative Robert J. Corbett of Pennsylvania. This would leave a \$200 annual tax on the wholesaler and \$6 on the retailer. Instead of revealing the 10 per cent coloring tax, it would cut this to a quarter of a cent a pound for domestic oleo.

The Corbett plan would retain the 10 percent duty on oleo made from coconut oil, which is imported from the Philippines. It would virtually close the domestic market to the latter product, which now supplies approximately one-third of the trade.

Agricultural experts figure that enactment of either measure would reduce the price of colored margarine to thirty cents or less.

RELIEF: H. K., speaking on the basis of his business observations abroad, says that American relief supplies rarely went to the "right people."

"Our supplies were given to the government," he continues, "which, in turn, sold them to the stores. If people had money, they could buy this food, and if not, they could keep on going hungry."

ANSWER: It will be up to our representatives to see and insist that food be distributed fairly and equitably, although their methods of inspection and checking may vary in each country.

Hollywood

By EDITH GWYNN

HOLLYWOOD, Feb. 26 — Middle of next month they'll start re-shooting most of "The Kissing Bandit"—the Kathryn Grayson-Sinatra starer, reported as a really fancy stinker.

As for "Summer Holiday," which is the Mickey Rooney musical version of "Ah, Wilderness"—it was finished over a year ago, and will finally be released without re-takes in about eight weeks. Also it will come out minus "Spring Isn't Everything," the most lovely song in the original score, which we hear he never heard before the film was made.

Kathryn Grayson was lucky enough to hear before the film was made. Her work in "Abigail, Dear Heart" has the whole Paramount lot buzzing about little Wanda Hendrix. They figure she'll be a full-fledged star before the year is out.

MARK STEVENS will try to get to Honolulu when "Street with No Name" is finished—to "get away from it all." Mostly his domestic difficulties. His wife is divorcing him after a reconciliation that flopped.

Debra Paget, the beautiful fourteen-year-old red-head signed by Twentieth-Fox, won't be reporting to the studio until June when she finishes school.

CARY GRANT who was supposed to be on his way to England by now to make a picture for Alexander Korda, is in Palm Springs sunning himself instead. Korda it seems, has no story for him ready. But from what Cary told us a few weeks ago, it doesn't bother him much. He was wishing out loud he wouldn't have to trek to London anyway.

Korda is reading the film of the Jean Cocteau play, "The Eagle Has Two Heads," and Paramount has a story called, "The Eagles Have Flat Feet." The making of the titles on a theatre marquee some day is a moment we're living for.

TOLD YOU weeks ago that actor Frank Latimore took unto himself a Russian bride while he was in Italy filming "Cagliostro." Now they're headed back to Hollywood and we're dying to see (or rather hear) what cooks. She doesn't speak English and he doesn't speak Russian! Both speak a little Italian.

ONE OF THE REASONS that Sonny Tufts has dropped all that soundage is that he hasn't had a drink in three months. Isn't that par for the course? . . . Her studio is trying to get a new name for Gaby Torton. Why don't they change it to Ant. Torton? (Ouch!)

Two hours after Henry Morgan, one character actor set sail with Dana Andrews aboard Dana's boat, he got a call for a part in the "The Great Gatsby." His wife talked to him via a ship-to-shore phone and he'll fly back here from the L.A. next week. Andrews returns here March 15 to make that picture Lewis Milestone will direct at Entertainers. "No Minor Vices" is a cute title, if you ask us — and nobody did.

In 1936, Tony appeared in a film called "Sing Baby, Sing."

Ex-Pilot Forced To Fly 15 Missions With Broken Neck

WASHINGTON, Feb. 26 (P)—A former Army bomber pilot testified today he flew 15 combat missions in the Pacific with a broken neck which had been diagnosed as a muscle strain.

After repeated complaints, he said, he was sent to a hospital for X-rays. Medical officers then corrected the early diagnosis and grounded him. He flew the missions strapped to his seat and wearing a board strapped to his back, he told a House armed services subcommittee. His neck had been broken, he said, when his plane crashed in flames in the China sea.

The testimony was given by First Lt. Thomas L. Frazer of Adrian, Ga. He was one of four crippled officers who told the congressmen that they have been unable to get disability retirements despite severe wounds.

The other three were ground officers, and all had started their army careers as enlisted men. They were Capt. Carlos Oden of San Jose, Calif., congressional medal of honor winner; Capt. Frederick J. Brady of North Wilbraham, Mass.; and Capt. Theodore S. Moore of Highland Park, Mich.

FRAZER, who wore a high neck brace as he testified, said his injury was first diagnosed as a muscle strain. He flew until one arm became paralyzed, then hospital examinations showed that his neck had been fractured.

He has been a patient at Walter Reed Army hospital here since the past October. He said he was wearing the brace when the Army discharged him the past April.

The committee called Frazer and the others as witnesses in its investigation of Army and Navy retirement systems.

Farm Management Termed Important

Clyde Jackson, Chester county supervisor of agriculture and former North Coventry High school agriculture teacher, Wednesday night told a meeting of Norco Future Farmers of America and former members that management is an essential part of a farmer's knowledge today.

Addressing the session held in the High school, Jackson said farming has changed so much in the past few years that a farmer must be a manager to keep ahead in the competitive struggle.

The FFA is closely associated with the agriculture courses taught at High schools. Almost all of the 14 former members present Wednesday night are now farmers.

In a basketball game later the active members defeated the former members, 60 to 20.

Former members present were: Paul M. Geary, Kent High; Douglass W. Kulp, Harold Yocom, Richard Walters, Alfred High, Gerald Kulp, Harold Bean, Walter Keen, Gordon Nunn, James Mauger, Richard Swavely, James Evans and William Richards.

Active members present were: Walter Swenbath, president; Richard Klein, Kenneth Batdorf, William Delbanczyk, Robert Evans, George Kreps, Donald Lloyd, William Brower, John Salaneck, Leonard Bauman, Charles Murray, Francis Hohl, James Jones, Heber McGowan and Francis Kazimer.

Four Fliers Killed
As B29 Crashes

MERIDIAN, Tex., Feb. 26 (AP) — The crash of a B29 near here today brought fiery death to four members of the crew.

Nineteen other bombers in the flight continued a routine mission to the West coast and back.

Eight members of the 12-man crew, including Col. Alan D. Clark, 7th Bombardment Wing commander, who commanded the flight bailed out of the burning plane. None of the survivors was hurt seriously.

The bomber took off from the Carswell air base at Fort Worth, late last night, and a short while later the No. 4 engine caught fire. Crewmen said the order to bail out was given after the flames burst through the fire wall.

The plane smashed into a hillside in rugged country about 12½ miles southwest of here. A resulting explosion scattered bits of the plane over a 15-acre hilltop.

The survivors parachuted down through rain and fog over a five-mile area.

Chinese Reds Tighten
Ring Around Mukden

NANKING, Feb. 26 (AP) — Chinese Communists tightened their ring around Mukden in savage fighting today, leading to predictions that the great Manchurian city soon would face frontal assault.

Pro-government dispatches said Nationalist commanders were throwing air reserves into the battle for suburbs of Sinmin, 30 miles west of Mukden.

Sinmin proper was reported unofficially to have fallen to the Communists yesterday.

Few details reached the outside world but indications were that the government defenders at Mukden divided their available forces into three. One was retained in Mukden. Another was sent to try to save Sinmin. The third went 40 miles north to Tieling, another tactically vital point.

International Lions President Is Speaker As New Ambulance Is Dedicated

Boyertown's new community ambulance was dedicated in National Brotherhood week ceremonies last night in IOOP hall, climaxed by presentation of a receipted bill for \$5000 by B. Frank Hafer and Paul R. Hafer, of Boyertown Auto Body Works, Inc., as Fred W. Smith, Lions International president, addressed the 225 persons who attended.
It was the second time that the Hafers had presented a receipted bill for conversion of a vehicle to an ambulance. Earl H. Keim, chairman of last night's dedication program, accepted the receipted invoice.
Smith immediately conferred honorary life memberships on Hafer and his son in the local Lions club, awarding them membership certificates and each a gold code of Lions ethics.
Keim pointed out the receipted bill allowed the Boyertown Lions Community Ambulance service, an organization which formally received its charter last night, to begin operation with a cash balance of more than \$4000. The charter was presented by Borough Solicitor H. Leon Breidenbach who turned it over to Norman S. Gotwals, chairman of the ambulance committee. Gotwals then turned over a pair of service keys to Burgess James A. Fritz who accepted them on behalf of the community.
SMITH in his address challenged the local club to continue its program of community betterment after he had praised the work of the members. He criticized a policy which allows a nation to spend \$300,000,000,000 in waging a war when that same nation hedges in spending a small additional amount in following through on its world leadership.
"Above all, begin to think in world-wide terms," Smith added.
Represented at the dedication were Lions clubs from Oley, Kutztown, Tipton, Fleetwood, Birdsboro, Bally, Gilbertsville, Pottstown and Boyertown.
The invocation for last night's service were given by Rabbi Sidney L. Regner, Reading. The dedicatory prayer was offered by the Rev. W. F. Bowers, of Trinity Evangelical Congregational church. The benediction was pronounced by the Rev. David F. Longacre. The program closed when 20 members of the club, disguised as Indian braves, appeared before Smith, to present him with gifts symbolic of products manufactured in Boyertown. Included were: apple juice, hostery, underwear, pretzels, heater sections, shoes, apples, flowers and a meat chopper.

28 Printing Shops Close in Philadelphia As Unionists Strike

PHILADELPHIA, Feb. 26 (AP)—Twenty-eight major Philadelphia printing firms were closed today as 800 union workers staged a strike.

A union leader denied the stop-work action was a strike.

"The men are not desirous of continuing their employment under the present low wage scale," explained Simon M. Murr, president of Local 2, AFL-International Typographical union.

Murr said the stoppage does not involve newspaper plants or some 43 other commercial firms. These other firms pay their workers about \$80 a week. The present minimum wage is \$69. The union seeks an \$85 scale.

The stay-at-home plan was adopted by a meeting last night. Murr said the vote was 1110 to 35.

"Since October, 1947, the union has been attempting to negotiate the matter of wages with the employers and the employers have to this day repeatedly and consistently refused to consider the question of wages," Murr said.

"The wage scale in Philadelphia has been at least \$12 to \$20 per week less than what is paid for similar work in other cities."

To this a spokesman for the AFL-Printing Employees association commented: "The union has never mentioned any specific set of wage demands on which we could bargain."

Association President Howard Thomas said "We will not connive with the union to evade the laws of this country, and neither the threat of a strike nor any other coercive action can compel us to adhere to the union's unlawful policy."

The National Labor Relations board was also in the picture. The NLRB has charged Local 2 with violating the anti-closed shop provisions of the Taft-Hartley act, coercion of employees and failure to bargain in good faith.

THE EMPLOYER association is seeking \$380,000 damages from the union on the unfair labor practices charges.

The stoppage may have an effect on many nationally-known magazines.

Cumco Printing Industries, Inc., one of the shops shut down, does a great deal of work for Time, Life, Liberty, Cosmopolitan, American Home, Harper's Bazaar and Home Beautiful magazines.

Lifer May Regain Full Freedom; Sailed Nine Years

PORT HURON, Mich., Feb. 26 (P) — A 25-year-old lifer, who has developed considerable artistic talent since his conviction on a first degree murder charge nine years ago, may be free soon.

This possibility was advanced tonight after a St. Clair county circuit court jury returned a verdict of 25 years for the man, who is now in the charge of manslaughter. He had petitioned for a retrial on legal grounds.

The retrial verdict was handed up by the jury of six men and six women after four hours' deliberation and was warmly received by a packed courtroom. Many women wept as the verdict was read.

Circuit Court Judge Shirley Stewart remanded Ball to prison pending completion of a pre-sentence report. Court attorneys indicated Ball's release might be a matter of months.

THE SLENDER, wavy-haired Ball was 16 when he admittedly shot and killed a close friend, Charles Leggett, 32, of Yale.

Defense counsel contended through the trial that Ball innocently smoked two marijuana cigarettes just prior to the shooting.

After his commitment to jail, the youth languished in the Southern Michigan prison and recently has taught a painting class at Marquette State prison.

Many of his works have been donated to churches and societies. Critics said some of his best work hangs in the Sacred Heart Catholic church at Yale.

More than 30 prominent Yale citizens appeared as character witnesses for Ball at his retrial and he received gifts including a cake from some Yale business men. It was inscribed "Good luck, Dave."

BALL APPEARED unaccompanied at the jury's verdict which may open the prison gates for him within a short time.

He told newsmen that he has been offered a job at a Detroit art gallery when he is free.

Pro Grid Figures To Appear Here at Father, Son Event

As a last-minute addition to the celebration tomorrow night at 7:30 o'clock in Pottstown Senior High school that will climax the community-wide observance of Father and Son Week, the appearance of three more prominent athletes was promised.

The trio, who will join such figures as George Munger, head football coach at the University of Pennsylvania, are all members of the Philadelphia Eagles football team. They are Alex Wojciechowski, center, one-time member of Fordham's "Seven Blocks of Granite," Larry Cabrelli, player coach, and Al Sherman, quarterback.

Their appearance will raise the total of sports figures to seven. Others will be Richard Scott, Navy center; Ben Martin, Navy track star, and Steve Van Buren, leading ground gainer of the National Professional Football league.

The Pottstown Father and Son Week committee sponsoring the event announced last night that approximately 30 tickets still are available, and expected that the four acts of vaudeville on the program will include a juggler, acrobat, comedian and a player of musical novelties.

Country's Largest Liner Delayed by Shipboard Dispute

NEW YORK, Feb. 26 (P)—The liner America, the country's largest and finest, arrived from Europe today with 773 passengers and a shipboard dispute that may keep the vessel anchored in port.

A union leader aboard the ship asserted it would not sail again unless a new stewards is hired and two discharged stewards reinstated. Capt. Harry M. Manning reported that he would lay up the vessel first.

"They can tie the ship up until hell freezes over, as far as I am concerned," said the captain. "The same tactics the Communists are using in Czechoslovakia are being used in harrowing the American Merchant Marine."

The United States Lines, after a meeting with National Maritime Union (N.M.U.) officials, upheld the position of Captain Manning and said union demands were "unreasonable."

Torn between the desire to travel and the determination to continue your education? See your nearest Recruiting Officer and sign up for one of the famous combat divisions in Japan or Korea—the 11th Airborne, the 6th, 7th, 24th or 25th Infantry. When you arrive in the Orient you can then enroll in the Armed Forces' Institute and study subjects of your choice for college credit (or for high school credit, if you've not graduated).

A tour of duty in the Orient will be an unforgettable experience and you earn full Army pay at the same time!

mount to usurping the powers of the management."

JOSEPH CURRAN, president of the union, stepped into the dispute to announce that "we will settle this case in the usual manner. No one is authorized by this union to say that a vessel will not sail."

The crew's head union delegate, Walter A. Eller, said the crew would not sign on for next Wednesday's scheduled sailing unless union demands were met.

The demands involved the firing of Chief Crew Steward W. S. McDonald and reinstatement of two discharged stewards, the union claimed were "victimized by McDonald." The management replied that the two stewards had been discharged "for just cause."

Captain Manning said "we must decide who runs this ship, the captain, the delegate or the commissar."

MANNING DECLINED to name the "commissar" but Avellar immediately retorted: "He means me."

Later the captain said: "There's always something behind it—always behind, Communism. It is a deliberate form of sabotage."

Curran's reaction to the dispute later was:

"No commissars are running the ship and no bucko skippers are going to push the crew around."

In the United States about 53 percent more people are killed in winter motor car accidents than in summer.

Two Make Comeback From Bowery; Three Others to Receive Another Chance

NEW YORK, Feb. 26 (AP) — Two men will never go back to the Bowery anymore.

In one month they've staged such surprising comebacks from Bowery down-and-outers to respectable citizens that the Bowery Comeback association today picked three more men to join them in bids for new starts in life.

The two who succeeded in starting life anew are John M. Davey, 34, and Andrew K. Quarrell, 44. Davey said his former name was Greensburg, Pa. Quarrell is a former New York bartender.

The association said Davey, a veteran who drifted to the Bowery when he couldn't find work, now is employed steadily as a machinist in Jersey City.

Quarrell, a bartender who was separated from his wife, is now

happily reunited with her and tending bar again.

SAMMY FUCHS, 37, a scolded mayor of the Bowery, and a committee member, declined to discuss further details of their comeback, saying they should enjoy the anonymity of respectability.

The same day wanted Davey and Quarrell was given three of 250 applicants today for the comeback from slum row to respectability — a shabby and a narrow hotel accommodations decent clothes and \$15 to give a man a "boost" to get a job.

It's the lack of a "front" and not the presence of a bottle that keeps most men on the Bowery, Fuchs said.

Today's selections were John R. Nichols, 30, who said he formerly lived at Greenwood, Del.; Maurice J. Sullivan, 42, a World War I veteran; and Frank Leonard, 24, a year-old merchant seaman.

NICHOLS TOLD the committee he formerly had a prosperous painting business at Greenwood, Del. He said his wife and three children left him the past May "due to my excessive drinking."

He eventually was returned with his family, he said, he thought everything would turn out all right.

Sullivan, who said he attended the University of Pennsylvania for one year in 1927, declared he could not find work and never took advantage of Veterans administration benefits because he had no permanent address. One "break" was all he needed, he said.

Leonard said he has a wife and two children in Cleveland. The committee decided to get him a job or give him a bus ticket to Cleveland to rejoin his family.

BURLEY QUOTA HIKED
WASHINGTON, Feb. 26 (AP) — Secretary of Agriculture Anderson today, notified the 1948 Burley Tobacco marketing quota to 314,000,000 pounds. This is an increase of 40,000,000 pounds over the previous announced allotment. The past year's quota was 490,000,000 pounds.

QUICK ACTION BY U. N. URGED FOR PALESTINE

Trygve Lie Pleads For Upholding of Partition to Avoid Chaos

LAKE SUCCESS, Feb. 26 (AP) — Trygve Lie said gravely today that chaos will envelope Palestine unless the United Nations acts quickly. The United Nations secretary-general told his weekly news conference that the U. N. failure to carry out the Holy Land partition plan would reduce the prestige of the U. N.

He emphasized that the U. N. would be responsible only after the British leave Palestine.

The British meanwhile repeated their determination to end the Palestine mandate May 15 and take all British soldiers out of Palestine by Aug. 1.

A COLOMBIAN delegate told a reporter during the day that "Palestine partition looks like a corpse to me." Colombia, which abstained on the 1947 U. N. assembly vote for partition, has raised the possibility of a special assembly session to reconsider the partition decision.

As Lie spoke, Soviet Russia was carefully concealing her hand on this hottest question now facing the U. N.

Andrei A. Gromyko, Soviet deputy foreign minister, refused to say whether he would make a statement on the issue of a U. N. Palestine police force to the Security Council tomorrow at 3 p. m. Some delegates said they believe he is ready to speak, however.

Later today no speakers had been listed for tomorrow but it was expected that Lebanon would make a declaration against partition.

IN OTHER U. N. developments today: Gromyko accused the United States in the Security Council of trying to enslave the Indonesian republic. The council adjourned the Dutch-Indonesian case until Saturday morning without acting on a Canadian resolution to approve the work of the council's good offices committee. This committee brought about a truce in Indonesia.

2. The Security Council in the afternoon heard Pakistan announce refusal to recognize the recent plebiscite by which India claimed the formerly Moslem-ruled state of Jammu and Kashmir. India said she was willing to have a plebiscite under suitable auspices but did not believe the result would be different.

Personalities in the News

JOE LOUIS' preview of things to come: (1) fight Jersey Joe Walcott in June (2) retire in July and (3) then "get fat, I guess." All 226 pounds of him.

SEEKING THE presidency of the University of Saskatchewan student council and sorely in need of support for his anti-feminist platform, Darrell S. Collins received this cable from George Bernard Shaw: "You will never have a quiet world until you knock women out of politics. Carry on."

Shaw was so interested in the campaign to keep women in the kitchen that he paid for the cable himself.

WHEN SENATOR Glen H. Taylor threw his lot in with Henry A. Wallace, he created naught but good will among Democratic party workers in his home state of Idaho.

"I wish him lots of luck," chirped George Donart, Taylor-backed candidate in the 1946 Democratic primary, "all of it bad." You're a fine fellow if you stay in my party but you're just a sour apple now.

THINKING OF retiring when you're 65? Philippa Gomez, 101-year-old Mexican woman, will make her movie debut soon. She sings, dances and fights—yes, fights—with plenty of gusto. Put 'em up Granny!

SENATOR WAYNE Morse (R-Ore) figures the country might as well dispense with the coming presidential election "I think the election is over," he said, "all that remains is counting the votes." Morse contends that the Republicans could run anyone and still win.

Wunder if he was including the party elephant?

TWO MASSACHUSETTS Republican Senators, J. Elmer Callahan and Edward N. Rowe, lashed out at the people of the Mayflower state. It is a question of dogs and cats versus problem children. Some 800 persons gathered for a hearing on a bill permitting stray dogs and cats to be used for medical experiments. Only a short distance away was a

meeting on methods to combat juvenile delinquency. Only a handful were in attendance. The showing prompted the two Senators to remark: "The people of Massachusetts are more interested in dogs and cats than in problem children."

The Senators seemed to have slammed the nail on the noggin. One Senator said he received 40,000 letters protesting the use of animals for medical tests. No report of letters was received from the juvenile delinquency hearing.

HENRY WALLACE says what we need are "some new faces in the executive branch of the government." At a recent hearing, the third party candidate was touching lightly on the subject of Wallace for President when Rep. Lawrence Smith (R-Wis) blurted "I, too, think there should be some new faces in the executive branch."

"Thank you for your support," Smith — A very, very beet-colored face.

Two Arabs Killed, 17 Persons Injured in Mortar Struggle

JERUSALEM, Feb. 26 (AP) — Two Arabs were killed and 17 Arabs and Jews were wounded today in a fierce mortar battle near the ancient Garden of Gethsemane outside Jerusalem.

After the engagement Arabs threatened vengeance against Hadassah hospital and the Hebrew university.

An Arab spokesman claimed Jewish fighters on the roofs of the American-financed hospital and university fired mortars and machine guns at Arab houses in Wadi Joz. But the British police said the Arabs had attacked the hospital on Mount Scopus first and were driven back by the Jews.

The Arabs were reported to have penetrated a Jewish cemetery on the Mount of Olives and fired from behind tombstones.

Two houses in Wadi Joz were demolished and three others were damaged. Police said two Arabs were killed. Arabs reported an Arab woman died and a child and seven men were hurt. Jewish sources said nine Jews, none of them patients, were injured at the hospital.

MARSHALL ASKS MORE AID FOR GREECE; TURKEY

Additional \$275,000,000 Sought to Help Countries Fight for Freedom

WASHINGTON, Feb. 26 (AP) — Swift action by Congress to provide \$275,000,000 more military aid to Greece and Turkey was urged by Secretary of State Marshall today. He said "totalitarian groups" are waiting to take over if U. S. assistance to these nations stops.

Speaking for President Truman, Marshall proposed legislation which would maintain the flow of American guns and munitions through June 30, 1949.

"It is in my judgment," he said, "definitely in our self interest as a nation and consistent with the principles of the United Nations charter to help these free people retain their freedom."

The \$400,000,000 approved by Congress the past May for help to Greece and Turkey has nearly all been spent. Without new funds the United States must stop aiding these two countries, June 30.

Marshall made the administration's new request in letters to House Speaker Martin and Senate President Vandenberg.

MARSHALL NOTED Turkey is "under constant pressure" to grant military bases in the Dardanelles to "a foreign power" and to cede some of its territory to the same power. He did not name the power but obviously meant Russia.

"The northern neighbors of Greece (Yugoslavia, Bulgaria and Albania) have furnished moral and material support of Greek Communist guerrillas who are attempting to overthrow the legal Greek government and establish a dictatorship of a foreign inspired minority," he said.

Benes Charges Gottwald Talks Like Adolf Hitler

PRAGUE, Feb. 26 (AP) — President Eduard Benes accused Premier Klement Gottwald of "talking to me like Hitler," one of Benes' closest friends said tonight.

This is the friend's story of how Benes finally bowed to Communist pressure Wednesday and allowed Gottwald to form a friendly cabinet which gave the Communists full control of Czechoslovakia.

Gottwald came to Benes' office and told him that if he gave Presidential approval to the premier's proposed cabinet, he would "win the workers and have the faith of the whole people."

Benes replied that "This new government could have only evil results."

The office was tense. Benes looked from his window. He saw thousands of Communists streaming through the central square below. Soldiers and police, controlled by the Communists, patrolled with rifles and machine guns.

Gottwald talked on. Benes suddenly interrupted. "You're talking to me like Hitler," he said.

Then he yielded.

Truman Waits to Sign 2 Important Bills

KEY WEST, Fla., Feb. 26 (AP) — President Truman today awaited the arrival of two important pieces of legislation, the rent control bill and another which will continue certain maritime commission authority over shipping.

The bills are expected tomorrow or Saturday and he is expected to sign both without delay. The rent bill extends control to April 1.

Lamarre Testifies Meyers Got Bulk of Officials' Pay

WASHINGTON, Feb. 26 (AP) — Blier H. Lamarre testified today that the bulk of the fat wartime salaries he and another official received from an aviation parts concern actually went to Maj. Gen. Bennett E. Meyers.

Lamarre, self-styled "dummy" president of the Aviation Electric Corporation, Dayton, Ohio, told a Federal court jury that Meyers was "the boss" and got most of the profits.

Meyers is being tried on a charge that he induced Lamarre to lie to a Senate committee the past year during an inquiry into Meyers' private dealings during the war.

All told, Lamarre said, Meyers received approximately \$150,000 from Aviation Electric. Most of this, he testified, was in salary "kick backs" to Meyers from himself and Thomas E. Headover, Lamarre and Headover, former vice president of the firm, are brothers-in-law.

THE PAYMENTS to Meyers, Lamarre said, were in addition to repayment of \$24,000 which Meyers had lent the company.

Most of the payments to Meyers were by cashier's checks, Lamarre said.

"He told me that cashier's checks would not appear on the books of the company," he added.

Kennan's first-hand experience has been confined largely to Europe, and Marshall said the purpose was to familiarize him with Far Eastern problems. Progress in dealing with most of these has been slight; events in Europe have demanded first attention. The Oriental problems include drafting a peace treaty, Japan's reconstruction, the future of Korea and aid to China.

For a quarter of a century, the Alaskan sea otter was thought extinct.

Little Assembly Okays Korea Vote

LAKE SUCCESS, Feb. 26 (AP) — The Little assembly told a United Nations commission today to ignore Russian opposition and start national elections in Korea.

The problem of Korea's political future thus was sent back to the nine-nation commission. Russia has refused to allow the commission into her occupation zone or even to confer with members.

It was the first major vote in the Little assembly. This group—boycotted by Russia and satellites—was created the past Fall at the suggestion of Secretary of State Marshall.

The United States proposal for a go-ahead in Korea against Russian defiance was adopted 21 to 2 with 11 abstentions.

Garner Took Delight in Verbal Attacks By Lewis; Opposed Third Term for FDR

WASHINGTON, Feb. 26 (AP)—Former Vice President John N. Garner, it turns out, was secretly delighted when John L. Lewis called him a "labor-baiting, poker-playing, whiskey-drinking old man."

Bacon N. Timmons, Washington correspondent, disclosed Garner's reaction today in a Collier's magazine article. Timmons has written a series of stories on the Texan's relations with the late President Franklin D. Roosevelt and other national figures.

Timmons said Garner merely chuckled when reporters told him of Lewis' attack. He quoted the vice president as saying later:

"There has never been anything that caused me more happiness than Lewis' outburst. I think the majority of the people will feel that anyone Lewis can't control is all right."

The coal mine chief's criticism of Garner was delivered in 1939 when the Texan was shown by political polls to be a leading possibility for the presidential nomination in 1940.

GARNER SAID, the article continues, that President Roosevelt "quit" inviting me for luncheons at his desk after the polls began showing me high in the list of his possible successors."

"I'm not responsible for the polls," he said, "but they've stopped my luncheon invitations."

The writer said Harry Hopkins visited Garner's office one day and brought up the question of a third term for Mr. Roosevelt.

"I told him if it was a possibility, I was strictly against it," Timmons quoted Garner as saying, and adding:

"HOPKINS said he was too, and he didn't think Roosevelt had any idea of running."

The article quoted Garner as saying Hopkins told him that he himself would like to be President sometime. Garner said he didn't promise to support him, but added that "he might be better than Roosevelt on spending. He wouldn't have so much influence with Congress."

Timmons said Garner told him: "You can't beat the head of the party in the White House for renomination if he wants renomination."

THE PRESIDENT of the United States has a sounding board and vehicles for making public opinion such as is available to no other official on earth," he explained.

"The whole people voting in an election may defeat him, but for the renomination in his party there is just one effective check against him and that is self-restraint of the President himself."

Just before it sheds its skin, a snake is partially blind.

Twenty minutes after he reported his jeep stolen, G. Thomas Zellars, 3, Chestnut street, found it parked in the middle of North Evans street near West street.

Man Shot by Youth Defending Mother Dies

EVERETT, Wash., Feb. 26 (AP)—A 16-year-old junior high school youth collapsed today upon learning of the death of a man he shot last night in defense of his mother.

Sheriff Tom Warnock said the youth, Charles Rimer, told officers he shot Thomas G. Vreeland, 27, because the man was beating his mother after forcing his way into their home. The mother, Mrs. Ellen Larson, 39, a divorcee, corroborated the youth's story.

Vreeland, an unemployed laborer, died last night from a 22 caliber rifle bullet wound in his chest. Officers said Vreeland had been living in the Larson home.

Heavy Flood Hits Washington Area

PULLMAN, Wash., Feb. 26 (AP)—The worst flood in 38 years hit the rich Palouse wheat and pea country today.

Damage was heaviest in Colfax, Wash., 22 miles north of here, and in Pullman. Heavy rains started a rock slide which overturned a locomotive near Lewiston, Idaho, far out of the flood area.

There were no injuries, although some Washington State college students evacuated in the nick of time from a trailer camp were treated for exposure and shock.

Swimming and Food Rank High in Camp Program

Spreading over 35½ acres near Earlville, this is part of a new Summer camp for all children in the Pottstown area purchased by the Spicer Employees' Aid association as a community project. The dining hall, recreation hall and some of the 22 tent cabins, as well as the athletic field, are shown above. Formerly the Reading YMCA camp, it was bought for \$25,000 to provide Pottstown children with a camp.

In previous years, enthusiastic youngsters worked up appetites swimming in the cool waters of the Manasquan. Later, in a completely modern dining hall, they worked them off with good, wholesome food. Spicer employees will give their time to build new waterfront facilities and to repair and repaint all the buildings at the camp. (Story on Page One)

100 electoral votes from Mr. Truman—far more than enough to swing a close election to another candidate.

Hoffman speaking in the House provoked a clash between Republican and 'Rebel' Southern Democrats.

PIPE PRODUCTS —

(Continued From Page One)

value of the pipe was sold by buyers who needed it at once.

Freeman said the amount received which may run as high as \$68,000 when finally computed, was slightly in excess of the resale value of the pipe.

The sale almost ran into difficulty soon after it began. In the course of preparing for the auction, the auctioneers forgot to apply for a borough license.

Patrolman Paul Bridgman notified the auctioneer, and while the sale continued, one of his assistants paid the \$25 fee at borough hall.

ALTHOUGH IT HAD BEEN operated locally by the Warren W. York investment securities firm of Allentown, the plant, a subsidiary of the National Roll and Foundry company, Pittsburgh, was represented yesterday only by Victor J. de Journé, Emmatus, its general manager.

The decision to liquidate the plant came as a direct result of an eight-week-old strike which began the past Oct. 9 when 17 members of Local 2459, United Steelworkers of America (CIO) failed to report for work. They asked a 15-cent hourly increase in wages and recognition of the union as their bargaining agent.

At one time during the strike, rocks were hurled through the windows of the plant. The union, through Joseph R. Picard, its international representative, disclaimed any responsibility for the violence.

The following day although the company could not pay the wage demands, an accord was reached and the strike was declared ended. Negotiations again broke down, however, and when a Dec. 8 deadline set by the company was reached, the plant closed its doors permanently.

A total of 28 persons lost their jobs as a result and the plant was offered for sale.

commercial aviation. Most of them were pilots who had learned to fly under the Veterans administration training program or are owners of small planes at airports near here.

Other temporary officers elected were Robert Hartman, vice chairman; Dr. Elmer S. Friedberg, publicity chairman, and Harry Schneider, of the Pottstown-Stowe airport, Werner Betten, of the New Hanover airport and Herbert Smith of the Pottstown airport, members of the executive committee.

The officers will serve temporarily until a permanent slate is selected at about three months. Meetings will be held on the last Thursday of each month.

Following the meeting, motion pictures were shown. The past Summer were shown.

SPICER CAMP —

(Continued From Page One)

as well as children from the immediate Pottstown area will be able to use the camp as their Summer home.

The limit was placed on registrations to assure the safety and well-being of each child during the first year of operation under the association.

To further assure the successful operation of the camp the Spicer group already has chosen the nucleus of a top-flight counseling staff.

H. RODEN WELKER, athletic director of the Tamaqua school district, has been selected to serve as camp director. A graduate of Pennsylvania State college and Columbia university, he has served as assistant director of the Allentown YMCA's Camp Dent and as director of the North Star camp, Portland, Me. He has held the latter position for the past three years.

Assisting Welker in the direction of the camp will be Eli M. Purnell, also of Tamaqua and former Pottstownian. Purnell, who has had 14 years experience in camp direction, is a graduate of Berkley Business college, Albright college and Pennsylvania State college.

Program director will be Clarence H. Renoll, 374 North Charlotte street, a teacher in the Dovieltown school district. Renoll also is a college graduate. He has received degrees from Millersville State Teachers college and the University of Pennsylvania.

A registered nurse will be on duty at all times to guard the health of children at the camp. Pearl Steigerwalt, Tamaqua school nurse, has been selected to work at the camp. She formerly served as an Army nurse in the Pacific and as camp nurse at the North Star camp.

CURT STEIGERWALT of Tamaqua, a member of the 1947 All-State basketball team, and Don Carlson, captain of the Tamaqua High school basketball team have been chosen as counselors.

Other staff positions have not been filled, although arrangements have been made to have two experienced cooks serve on the staff.

All children attending the camp will be able to attend their own religious services each Sunday. An outdoor chapel is one of the facilities already constructed at the campsite.

A physical examination of a qualified physician is the only requirement children will have to meet before going to the camp.

BOROUGH COUNCIL, which set up the office to aid Sears in the management of the borough's expanding business, also authorized him to appoint an accountant. He chose Thomas, a life-long resident of Pottstown, on the basis of his qualifications.

Sears had become familiar with his work when Thomas devoted many of his weekends, without pay, to setting up a simplified bookkeeping system for the borough.

Formerly, in the neckwear business before assuming his State post, he was employed at Gudebroen Brothers' Sil' company for eight years and also at the Iris Knitting mill.

BENES, an old-time revolutionary in the days of the Habsburg monarchy, and a respected leader of the republic from the earliest days of its inception, was pictured tonight as being in council with only his oldest friends and advisors.

He had not yet spoken to his people in the broadcast promised yesterday. On this evening he has been almost a recluse and for the first time appeared almost cut off from the people.

The informant said, however, he had approved Gottwald's new government only after Gottwald threatened to take over the power if the president withheld his consent.

A close friend of Benes said he had given his approval in order to avoid bloodshed.

Henry Harrah of the Institute of Local and State Government, University of Pennsylvania last night explained the borough tax act 481 passed the past year to a meeting of Montgomery county Boroughs association.

Burgess William A. Griffith and Borough Manager, David I. Sears led a delegation of 18 from Pottstown to the meeting in the Penn State home Conshohocken.

Sears is secretary of county group. Later he presented a discussion of the borough's part in creating the borough tax act which has been to install the new tax plan.

Baby Can't Eat; Faces Operation

PHILADELPHIA, Feb. 26 (AP)—A one-day-old Frank Ho Jr., has refused to eat food in his stomach. The infant was born with a food pipe that has a dead end. He is fed intravenously.

Surgeons at Children's hospital today readied the tiny baby for a hazardous operation tomorrow to correct the freak condition. Medically, it is described as tracheo esophageal fistula, complicated by pneumonia.

Bob Frank was rushed here or here from a Harrisburg hospital. Following the operation he will be placed in an incubator.

Doctors said the infant can absorb no nourishment through his mouth. He vomits when he swallows anything. The food goes down the wrong pipe into the lungs.

Frank is the son of Mr. and Mrs. Frank Ho, of Harrisburg. Doctors said the baby breathes with difficulty and that lack of so-called food has caused body deterioration.

But his wife, who has been fighting for weeks to have charges dropped, also brought Stamm some bad news. She and their two children may be evicted from their

The bubble of misinformation will be broken in a few years, Ramsey said, but in the meantime the European mind will be poisoned against us and it will be too late.

TO COUNTER this force we must tell the Europeans what we are doing for them.

The Marshall plan will not work, he said, adding cryptically that we should still try to make it work.

I would like to see the Quakers administer the plan rather than a bunch of politicians," he declared.

He foresaw riots and trouble—Communism, induced, breaking out all over Europe when the Plan is finally effected.

RAMSEY BELIEVES Hitler is still alive and living in Russia. He offered this with his theory that members of the old Nazi party are waiting for war between Russia and the U. S. so that they can step in like jackals and clean up the remains.

The green troops who are after "the black market and girls" in Germany should be relieved, he asserted, lest American prestige suffer more of a loss than it has so far.

Further, Germany should become an industrialized nation again—supervised, of course, so that it can supply machinery to the surrounding nations who still rely on her for products.

He saw France being led out of Red clutches and economic chaos by a dynamic leader. He had Gen. Charles DeGaulle in mind, he added.

Two other employees, Robert Rambo and Joseph Cuputo, seeing his plight, went to his assistance and gradually extricated his hand by applying water after it had been numbed and frozen. He was taken to the nearby office of Dr. R. K. Glocker. After treatment, he was taken to the hospital.

Granville Rambo, foreman of the plant, said the valve which controls the freezing unit probably was turned on when Leonhardt placed his hand through the opening, which is about three inches in diameter. Half of the forearm was affected, having become frozen fast to the inside of the unit.

The Eagles of Roversford High held a lengthy practice last night in preparation for tonight's championship tussle with Lower Moreland High at Souderton, and following the long workout Coach Vince Bonkoski declared his Eagles will be at full strength for the important contest. The Eagles ended their long workout with a hard scrimmage as shown in the above photo. Greg Tiros, one of Roversford's starting forwards, is shown driving past teammate Tom Keiter for a shot at the basket. Tiros was caught by the camera eyeing the basket and just preparing to leap into the air for the shot. An unidentified player (dark jersey at extreme right) tries to evade his guard in the "figure-eight" play.

Eagles Battle Lower Moreland For Montco League Cage Title

After winning 12 consecutive games following two early season defeats, the Eagles of Roversford High will try for victory No. 13 tonight and the championship of the Montgomery County High School Athletic Association when they take on Lower Moreland on a neutral court at Souderton.

The game, which is expected to draw a capacity crowd to the Souderton High gymnasium, is scheduled to get underway at 8 o'clock.

The Eagles copped the upper section of the Montco league the past week with their tenth straight league victory, while Lower Moreland captured the lower section title with a record of 11 wins and one defeat—at the hands of Hat-

field.

ROVERSFORD'S RECORD for the season stands at 12 wins and two losses, the two defeats coming from Boyertown and Phoenixville in the first two games of the year. The Lions sport a season's record of 12 victories and four setbacks.

Roth's Take City Basketball League Title

HAND ENGINEERS SECOND SETBACK BY 44-36 SCORE

Throng of 400 Fans Sees Reinhart and Trollinger Star for New Champs

Setting up a curtain around their opponents' basket in the second half, Roth's basketballers captured the City Basketball league championship last night by handing Pottstown Tool and Engineering company its second straight defeat in the finals of the Shanthosky playoffs, 44-36.

Some 400 fans were on hand at the Pottstown Junior High palestra to see Roth's take its first league championship. The past year UAW eliminated Roth's in the semi-finals.

The defeat for the Engineers was the second in succession in the playoffs after winning 13 consecutive league contests in their first year of organized basketball in Pottstown.

The Engineers matched Roth's point for point throughout the first half, but Roth's controlled both backboards and employed the fast break in the early moments of the third period to pull away into a comfortable six point lead. The Engineers never caught up.

WITH CLAUDE REINHART and Dick Bender handling the work under the boards beautifully, Roth's had little trouble in taking complete command of the game in the second half. The new champs consistently blocked passes and shots and often stole the ball from the Engineers.

Reinhart and Carlos Trollinger paced Roth's offensively, combining their talents for 23 points against the Engineers. Reinhart, playing his first season for Roth's, took scoring honors with 18 points. Trollinger tabbed 10 markers, but runnerup honors went to the Engineers' Paul Stolar who netted 17 markers on six field goals and five fouls.

Roth's managed to eke out a 10-9 advantage in the first eight minutes, but after the lead changed hands several times during the second period, the teams walked off the court for intermission deadlocked at 19-19.

With Strom tabbing two quick field goals and Doug Breidenbach following with another, Roth's opened the third quarter by taking a six point lead. Trollinger added a field goal and four fouls and Reinhart tabbed a twin-pointer to give Roth's a commanding 35-26 advantage.

Joe Walcott Agrees to Meet Louis in Title Bout June 23

CAMDEN, N. J., Feb. 26 (AP)—Jersey Joe Walcott tonight agreed to meet champion Joe Louis in a 15-round heavy-weight bout at Yankee Stadium June 23.

Walcott's attorney A. D. Malandra, said a contract would be signed tomorrow at 2 p. m. in the New York office of the Twentieth Century Sporting Club.

Louis, prior to leaving for an exhibition tour in England, threatened to fight "anybody else" if Walcott didn't agree to terms in two weeks.

The two-week ultimatum was nearly over.

WALCOTT AGREED to Louis' terms. His managers said, "This is one fight we couldn't let go." Jersey Joe lost a 15-round split decision to the Brown Bomber in a Madison Square Garden fight the past December.

The 34-year-old challenger thought he won—so sure, in fact, that he demanded 30 percent of the purse in a return title go. Walcott was offered 20 percent, Louis 40.

After much haggling, Walcott finally agreed to the 20 percent figure. But then a new hitch developed—Jersey Joe wanted a 30 percent cut of the movie rights.

New York Promoter Mike Jacobs said, "No"—not a cent more than 20.

MALANDRA SAID Walcott could get 22 1/2 percent of the movie income.

"I am going to do my best to whip that man Louis this time so they'll be no question about the winner," Walcott says. "I thought I won fair and square the other time."

So, did the weekly magazine Police Gazette. Tonight that publication awarded Walcott its own "heavyweight championship belt" in a public ceremony witnessed by some 5000 cheering fans.

Maria Assunta Tops Reading, 46-44

Building up a two-point lead at halftime and then matching their opponent point for point during the second half, Maria Assunta's eagles scored a 46-44 victory over the Reading Falcons last night at Reading.

LIONS TOURNEY OPENS TONIGHT IN SPRING CITY

Mohnton High Battles Pirates in First Game; Plans Still Incomplete

Still unsure of the number of teams entered in the affair, the Spring City Lions club announced that its annual basketball tournament will start tonight as planned with Spring City High's Pirates battling Mohnton High in the opener.

The Spring City club declared that some of the teams invited are still playing scheduled tussles or playoff games and will have to postpone their games in the annual basketball tournament. The schedule for the entire tournament is expected to be ironed out early next week, and the tourney will be continued as planned until then.

Spring City and Mohnton will open the tourney tonight in the Spring City High gym at 8 o'clock. In the preliminary tussle, the Liberty Vets of Spring City will tangle with the Parkside of Roversford in an independent game beginning at 7 o'clock.

MONDAY NIGHT'S schedule will be played as announced, with Upper Merion facing Fleetwood in the first game of the doubleheader and Schwenksville High's Bluebirds taking on Birdsboro High in the night-cap.

The West Pottsgrove High Falcons will get their first test in the tournament next Wednesday night when they battle Amity's strong quintet which finished in a tie for second place in the Northern division of the Berks County conference with a record of seven wins and three losses.

The Spring City club's first announced that 16 teams were to enter the tournament, but it is doubtful whether all of those teams will vie for various prizes.

12 TILTS LISTED FOR POTTSTOWN TENNIS TEAM

16 Candidates Answer First Call; Four Lettermen Returning

Bert Scanlin, Pottstown High tennis coach and District One tennis chairman, announced last night that the Trojan racquet men will play 14 matches on the courts during April and May, ten of which will be Suburban Conference matches.

Scanlin called for tennis candidates Wednesday afternoon in Pottstown's two high schools and received a good response. Sixteen boys reported to Scanlin with the desire to play tennis for the Trojans this season. Of the 16 boys, four are returning lettermen from the past year, four are returning junior varsity players and the other eight have had no experience with a racquet.

The Trojan tennis team finished second to Lower Merion in the race for the Suburban conference crown the past Spring, but Scanlin is hopeful of gaining the title with his three top-notch singles players—Charles Emery, Don Ziegler and Dick Scheffey. The Trojans' record in 1947 was 32 league wins and 13 defeats.

Each has won three varsity letters in tennis and are sure of winning another letter this year. Emery surprised District One tennis players last year by climbing into the district finals before losing to Lower Merion's Jim Whitmoyer.

Plans for Kiwanis Tourney Completed; 20 Teams Accept

With the Reading Falcons announcing the acceptance of its invitation to participate in the first annual Pottstown Kiwanis Club Basketball tournament, plans for the affair were completed last night and it was revealed here that everything is in readiness for the opening of the tournament Saturday afternoon.

Whitney Sanders, chairman of the tournament committee, which invited the various teams, declared yesterday that the Falcons were taken into the tournament after another team turned down an invitation. Sanders wouldn't reveal the name of the team that declined to try for the many prizes to be awarded to the tourney champs and runners.

All 20 teams invited to the tournament have now accepted and only small jobs have to be mapped out to get the tourney in operation. Of the 20 teams that will vie for the trophies and other prizes, 11 are Pottstown teams and nine are teams from surrounding communities.

Sanders announced last night that the Kiwanis club committee made the selections of teams for the tournament, and the committee selected only the top-notch teams in the Pottstown area.

ROTH'S BASKETBALLERS, the Pottstown Tool and Engineering company, UAW 644's Autoworkers and Maria Assunta—the top four teams in the City Basketball league—are expected to give the teams from other communities the most trouble.

These teams, however, will be facing the best opposition available in this area and Sanders declared he doubts whether a Pottstown team will reach the final playoffs which are scheduled for April 1.

Some of the teams which will go a long way in the tournament are Clover Park from

Shillington, Pete's Vets from Reading, Boretown Vets and Reading Eagles Home association.

Other Pottstown teams entered in the tourney are the Amvets, Pottstown Steelers, underclassmen on the 1947-48 Trojan team; Pottstown High school seniors, Brown's Collegians, URW 335, Transfiguration and Club Century.

LIBERTY VETS of Spring City, Reading Falcons, Riverside AC of Reading, Parkside of Royersford and Birdboro Sportsmen's club round out the list of visiting teams in the affair.

All games will be played at doubleheaders at the Pottstown Junior High basketball palestra with the opening game scheduled as a preliminary contest to the Philadelphia Eagles-Roth's of Pottstown game Saturday afternoon.

In the first game, the Pottstown Engineers will battle Riverside AC of Reading. This game is scheduled to get underway at 1:45 o'clock.

Sanders announced yesterday that most of the tickets have already been distributed throughout the community, but he declared some booster tickets will be available at the gate.

Twelve teams will draw byes in the first round, Sanders announced. Teams scheduled to play in the first round are Pottstown Seniors vs. Parkside, Pottstown Engineers vs. Riverside of Reading, Roth's of Pottstown vs. Reading Eagles Home association, and Pottstown Steelers vs. Birdboro Sportsmen's club.

Michigan Governor Orders Probe of Hockey Rackets

DETROIT, Feb. 26 (AP)—The full resources of Michigan officialdom were thrown today behind an investigation of reported betting by National league hockey players.

The inquiry, touching off a broader probe into the whole Detroit underworld, brought in Governor Kim Sigler, State Attorney General Eugene F. Black and numerous other state and city authorities.

At the governor's request, Detroit Police Commissioner Harry S. Toy took over the statewide investigation. A short time later Toy promised an attempt to tie in "all the loose ends" before a conference in Sigler's office next Tuesday.

These "loose ends" include:

1. Reports that James (Oco) Tamer, convicted bank robber and well-known gambler, had served as go-between in betting involving the still unnamed Hockey players.
2. The possibility that Tamer might have information about the sensational unsolved murder three years ago of State Senator Warren G. Hooper, an "informant" in a State Grand Jury case at the time.
3. The escape from prison last night by Alfred Kurner, 28-year-old "upshot man" in the Hooper case who testified he had been offered \$20,000 to shoot the senator.

TOY SAID The possibility that Tamer was out of prison at the time Hooper was slain "cannot be overlooked." Kurner's escape in the midst of the inquiry cannot be considered a "coincidence," he added.

The police commissioner said the governor asked him and the state law enforcement agencies to "pool our information" at the meeting in Lansing Tuesday.

Clarence Campbell, National Hockey league president, who is one of many persons invited to attend. At that time he may learn the names of the two players—identified by Toy as one member of the Boston Bruins and one of the New York Rangers.

Campbell conferred at the capital today with Gov. Sigler. He was given all information available concerning the rumored hockey scandal, he said, but not relating to other cases which are pending.

Charles to Fight In Exhibition for Baroudi's Rarities

CHICAGO, Feb. 26 (AP)—The parents of the late Sam Baroudi, highly rated 20-year-old Negro light heavyweight boxer of Akron, Ohio, will receive an assured \$10,000 from a benefit fight in which Ezzard Charles will appear in a ten round bout.

Charles, of Cincinnati, O. No. 1 ranking challenger for the world light heavyweight title, was Baroudi's opponent in a bout in Chicago Stadium the past Friday night, which resulted in Baroudi's death from a cerebral hemorrhage.

Charles, through his co-manager, Jake Mintz of Pittsburgh, today agreed to donate \$5000 of his purse. The fight firm of Irving Schoenwald, Jack Begun and Jack Hurley, which staged the bout resulting in Baroudi's death, also agreed to donate \$5000, regardless of the amount of the gate.

Curley, matchmaker for the club, said Charles insisted that he box a highly desirable opponent.

"CHARLES WANTS everybody satisfied," Curley said. "And we want everybody satisfied. We haven't decided on Charles' opponent. But he will be a top-ranking contender."

The benefit show will be staged in Chicago Stadium early in April.

Mike Spinnelli, New York, manager of Baroudi, was suspended by the New York Athletic commission today, because, the commission executive secretary said, he no longer manages a fighter. Baroudi was his only boxer.

Unbeaten Mat Teams To Battle Saturday

ANNAPOLIS, Md., Feb. 26 (AP)—Navy and Lehigh, two undefeated wrestling teams, trade grips here Saturday in what figures to be an early settlement of the Eastern Intercollegiate championships.

The regional tourney doesn't come off until next month, but these two mat powers already have established themselves as the teams to beat. They ran one-two in the past year's tourney, Lehigh dethroning Navy for the first time in five years.

The dual meet has stirred up such an advance fuss that Navy athletic officials are breaking precedent and charging admission. The Navy usually gives its opponents the works in small MacDonough Hall at no charge.

Officials Believe Two Men Involved In New York Slaying

NEW YORK, Feb. 26 (AP)—Detectives investigating the Chinese torture knot slaying of a Navy department civilian employee swung to the view today that at least two men were involved.

Deputy Chief Inspector Edward J. Mullins said there were "strong indications that more than one man was involved" in the death of Harvey Haeblerle, 35, of Falls Church, Va. He was slain in his room at a mid-Manhattan hotel.

"Mr. Haeblerle was a strongly built man," Mullins pointed out, adding it would have been difficult for one man to have trussed him up.

Earlier, police had sent out a 13-state alarm for a sloppily dressed man who was seen by a hotel guest to enter Haeblerle's room Tuesday night.

A HOTEL DETECTIVE glimpsed the man near the room about the same time. Haeblerle's body, clad only in shorts, was found on the bed in the ransacked room yesterday morning.

His hands were tied by strips of bed clothing which also were fastened to his throat. Police said this was an ancient Chinese method of death by torture in which the victim choked himself as he struggled to free his hands.

An autopsy report by Dr. Thomas A. Gonzales, medical examiner, however, revealed that Haeblerle did not die of strangulation but was smothered. His body was found face down.

Police Commissioner Arthur Wallender said robbery apparently was a motive. Haeblerle's wallet was missing and the contents of his suitcase were scattered about the room.

Haeblerle, a wartime Navy lieutenant, was an employee of the Navy's photographic division at Anacostia air station in Washington, D. C. The Navy said he served as its contact man with commercial studios making training films.

BRIGADIER EDWARD CAREY

14 to Be Enrolled In Salvation Army

Brigadier Edward Carey, Young People's secretary of the Salvation Army in 11 of the Northeastern states, will enroll 14 junior members into the local "Army" post at the regular Sunday school session at 9:45 o'clock Sunday morning.

The brigadier, who has been an officer in the Salvation Army for the past 24 years and in his present position for the past 11 years, will also address the gathering in the post's citadel.

The officer worked for the Army in much of the eastern part of the country before he was made youth director of Western New York state in 1935 because of his interest in young people.

With him at the meeting will be Major Charles Talmadge, of Philadelphia, youth director for the area surrounding that city.

When Salvation Army members reach the age of 15 they become senior members.

Woman Asks Second Divorce From Husband

PHILADELPHIA, Feb. 26 (AP)—Mrs. A. Louise Rodd today asked a second divorce from the same man.

She charged Sgt. James T. Rodd Jr., U. S. Army Air Force, with indignities. The couple originally married in 1927 and were divorced in 1931. They wed again in 1932.

Warden Takes Convicted Slayer, 12, Into Own Home in Trust Experiment

CANON CITY, Colo., Feb. 26 (AP)—Rough, tough Warden Roy Best said today he was going to raise Jimmy Melton, 12-year-old convicted killer, "like my own kid."

"I can't put that kid behind bars to be with the toughest thugs and bums in the state," Best declared. "I'm going to take him into my home, let him go to school."

"They sent Jimmy here for me to care for. The way I look at it, I can do it my own way. This is my way. I'm going to try it out."

Jimmy, who wears glasses and has a mild appearance, pleaded guilty yesterday at Las Animas to second degree murder in the killing of his sister, Phyllis Marie Melton, 16, died, five bullets in her body, the past Dec. 15 as she wrapped Christmas presents.

THE BOY, sentenced to serve not less than 12 years to life imprisonment, was brought to the State penitentiary here yesterday.

Best hopes that Jimmy, who said he shot his sister because he thought their father favored her, may go to school freely. When and if he does, Jimmy will ride a bicycle belonging to Bud Best, the warden's 17-year-old younger child.

Mrs. Best took Jimmy on a shopping tour today. She even let him buy a lead-colored cowboy shirt. Then Best took the boy on a tour of the prison to see what he is missing but could be forced to take by mistakes.

Then Jimmy settled down to learn his household responsibilities, including care of the warden's two large dogs, Chris and Ike.

Jimmy must be worthy of the trust to remain in the bosom of the Best family. He still will be a number-holder—No. 24,939—and could be confined to a regular cell.

Lecture, Essay Contest Mark Grange Program

An address, reading of an essay and a guessing game involving hidden cherries last night pitched the key of the George Washington meeting held by the New Hanover Grange.

Motorists and State police had to cut away the steering wheel to free him. Lewis suffered head and internal injuries.
